Other necklace styles, lengths and matching bracelets also available

Because you should trust the chain that holds your precious memories

Italoro

RHODIUM PLATING

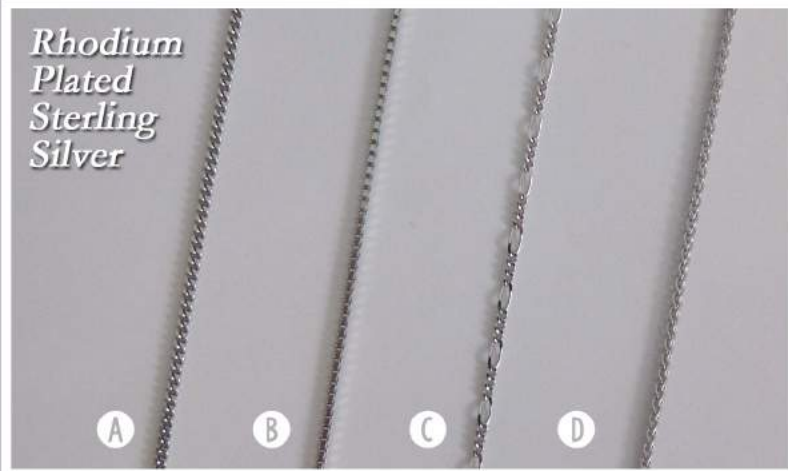

All our sterling silver chains and necklaces are also available rhodium plated. This process gives the chains a slightly different colour (similar to white gold).

It can be an effective way to avoid the natural tarnishing that Sterling Silver has in certain environments and over time. Simply add an 'R' before the item code to specify a Rhodium plated item.

Rhodium Plated Silver Chains

Any of our Sterling Silver Chains can be ordered with a Rhodium plating upon request
